

QH iLearn Instructions

- Go to: <https://QH.iLearn.health.qld.gov.au/d2l/login>
- Use your **novell login** if you already have an account,

OR

- Register to create an account: use an **organisation email address** rather than personal
- When asked to put your supervisor details please put:
 - Supervisor: Medical Education Unit at your facility
 - Supervisor Contact Details: at your facility
 - Facility: name
 - Location: at your facility

Queensland Government

Queensland Health

Welcome to iLearn@QHealth

Log in to view your courses, explore tools and features, and customise your online learning experience. iLearn@QHealth currently hosts role specific mandatory education and clinical education packages for the Department of Health, Hospital and Health Services (HHSs) and Queensland Ambulance Service (QAS).

iLearn@QHealth can be accessed **24 hours a day – 7 days a week** remotely or via Queensland Health (QH) computers. The system is also accessible on multiple electronic devices.

Log in

All QH staff must use their Novell username to log in (e.g. bloggff). If you don't have a Novell username, contact your team leader/supervisor who can submit a request on your behalf. Team Leaders can [view the factsheet](#) on how to request new Queensland Health employee network access (QH staff only)

Support and Assistance

For technical or log in issues please contact us at:

- **Queensland Health employees** please use [infoService Centre HelpDesk Support](#) or ring 1800 198 175. **(Please note that this service is for QH staff only)**
- **Not employed by Queensland Health?** please [email us](#). *(If you are a student at a learning institution, an iLearn@QHealth user account will **not** be automatically created for you. Please self-register to apply for an account.)*

Don't have an iLearn account? [Register here to create an iLearn account](#)

- When your access is granted, click the QH Employee/Contractor Course Catalogue

Contact for the day: CHQ_Medical_Education@health.qld.gov.au or (07) 3068 4346

Great state. Great opportunity.

- Then select Program: Childrens Health Queensland
