Essential Learning: LEAP Modules

Please action any outstanding Essential Learning LEAP modules **prior to 31st July**.

The MEU will be using this time to focus on RMOs who have not completed their [Essential Learning](#) on LEAP.

Remember you can complete the online learnings via LEAP on your mobile device.

For practical assessment component, please see below the forms to take with you to be signed off by the clinical educator/facilitator in your department's area.

[P2/N95 Respirator/Mask Application, Fit Checking and Removal](#)

[Peripheral Venepuncture](#)

[Basic Life Support](#)

Meu expectations are that all RMOs working on site will be **100% compliant by July 31st**.

If you are unsure of your outstanding learnings, please contact the [MEU](#).

Reminder! MTA/ETA Submission Due Date

Term 3 mid term assessments are due no later than Sunday 16 July. Remember, it is your responsibility as a junior doctor to arrange this meeting with your registered term supervisor. If your term supervisor is unavailable or you have any issues, please contact MEU.

For those of you in a 5 week term (ie. Ward Call or a split term), please arrange a meeting with your term supervisor to complete your end of term assessment prior to finishing in the rotation (same assessment [link/form](#))

Accessing Mater email while overseas

We have had several requests lately from junior doctors about accessing Mater email while overseas. While we would prefer from a wellbeing perspective that you take your leave time to recharge, we understand that sometimes access is required.

We have confirmed a process with IT and it requires that you provide information prior to your leave to ensure that your access is set up correctly.

You will need to provide details of your travel and the reason access is required. This will then require approval from either the DCT/DME and IT.

To make it easier we have created a form to complete here is the link:
<https://forms.office.com/r/sJaK8gS5Ar>

Professional Development Opportunities

Reminder to complete your online module component at least 4 days prior to your practical session.

This allows time for the MEU to enrol you into the practical session.

Medical Education Links and Resources

- Would you like to see the draft RMO Education Program or Intern Teaching program for 2023? Head to the Professional Development section of the [Medical Education Unit website](#). This website also contains your assessment links, unit handbooks, PD forms and more. The MEU website is also accessible via Zenworks or Intranet under Applications > Clinical Support
- [Mater Policy and Procedure Library \(MPPL\)](#) accessible internally or externally via this link
- List of [updated or new governance documents](#) (such as policies, frameworks, procedures, etc.)

Support

The Mater [Wellbeing Resource for Resident Medical Officers](#) document lists a range of support contacts and resources available for RMOs.

If you need or would like support in any aspect of your work or personal life, the Medical Education Unit is available to point you in the right direction. You are more than welcome to contact us on the below extensions or stop by the office located on Level 4, Duncombe Building (Shaw Wing corridor) at any time. The MEU unit is open Monday to Friday 8 am to 4 pm.

- Dr Gian Capati: Director of Clinical Training x8229
- Olivia Paton: Director Medical Education and Workforce x8229
- Justine Reeves: Administration Officer x8272
- Emily Marles: Talent Acquisition Advisor Medical x1663
- Paula Lehmann: Medical Workforce Co-Ordinator x2870

Mary Gardam: Medical Education Officer x1560

Carly Streek: Medical Education Officer x1994
